I was one of two commanders assigned, the other being Capt. Shelton. I did find a roster for the event, which I have attached. I don't see any other documents pertaining to Occupy Denver, but I will take a second look to be sure.

Jan 9 is the first day of the legislative session.

Uniform of the day is BDU with riot gear handy.

Captains, please take whatever measures you can... short of overtime, to staff this day as heavy as possible.

The pro gun folks will be at the capitol demonstrating and likely carrying legal firearms under the open carry provision of the law.

Occupy Denver folks have announced that they will come as well.

Our resources will be deployed if needed in conjunction with HQ and support unit officers.

Denver Area Event Activity

Friday, November 22, 2013

Description: **Ethiopian Community of Colorado March/Protest**
Dates & Times: Monday, November 25 @ 8:30 am till 11:30 am
Monday, November 25 @ Noon
Location: From 8:30 till 11:30, the group will be in front of the State Capitol Building for what they are reporting to be a peaceful protest.
At Noon, they plan on being in front of Channel 7 News at Speer and Lincoln.
Participation: 100 – 150 people marching

Source: Contact from the Ethiopian Community of Colorado as well as Facebook.com. The first portion of the protest will begin at the State Capitol at Colfax and Sherman from 8:30 am until 11:30. Facebook indicates they intend on conducting a peaceful protest. Their goal is to bring attention to the violence occurring to Ethiopians in Saudi Arabia.

The second portion of the protest involves the group meeting in front of Channel 7 News located at Speer and Lincoln St. They plan to march northbound on Lincoln Street on the sidewalk to the 1400 block of Lincoln Street, where the group will stage a stationary protest. Source indicates they will remain there for approximately 1 hour and then disperse. The group reports they are protesting because the news media does not report the atrocities that are being committed in Saudi Arabia against Ethiopian refugees and they want to raise awareness.

Ethiopian Community members have staged similar protests in U.S. Cities as well as around the world: Dallas, Manitoba, Vancouver, Edmonton, Sioux Falls, Los Angeles, Australia, Chicago, Tel-Aviv, Ireland, New York, Vienna, Austria, Rome, Italy, Frankfurt, France, London, Washington DC, Atlanta, Minnesota, Toronto, Seattle, South Korea, Stockholm, and Calgary.

The previously listed protests have all been documented with video footage and posted to YouTube.com. Common themes in all videos are: loud speakers, flags, signs, chanting. There were two instances where police asked the crowd to move and both times the crowd complied with these orders. Most of the protests/marches have occurred on the sidewalk, although protests in Stockholm, Tel-Aviv, and Seattle appeared to be in the street. Some of the protests had "leaders" wearing yellow traffic vests that ensured the protesters stayed out of the street.

At this time, there is no indication the protesters intend to interfere with police or citizens

Description: **Million Mask March**
Dates & Times: Thursday December 5 @ 9:00 am
Location: State Capitol – 200 E Colfax Ave
Participation: 147 out of 1712 invited

Source: Facebook event which is planning to occur every month on the 5th. "To bring back what the world has long forgotten. To bring freedom, equality, and humanity back to people. We will show the elites of the world the people have had enough and we will not stop until we have victory. We are bringing the power back to the people"

Possibly (discussing) marching from the Capitol to the Tattered Cover Book Store- 1626 16th Street Mall and the Brown Palace- 321 17th St. Both businesses support the Denver "camping ban" ordinance.

Information posted indicates an idea to start an information shop outside the Tattered Cover where they will hand out free anarchist magazines to people. They also talked about sneaking this information inside the Tattered Cover onto the shelves.

Nikko Seiwald posted information about the Internal Affairs Bureau coming to interview him about the last march. There are several anti-police comments posted.

New facebook post about the importance of **documenting** the event on December 5th. It appears as though they plan to stream the event from video poles:

"This is for those documenting what is happening. Hopefully EVERYONE sees a NEED to document and can make themselves prepared. The pole will get over the heads of and around police obscuring vision by creating a line in front. Video poles in the 2nd rank can reach over heads and stay protected."

<https://www.facebook.com/notes/fuzzytek/streaming-video-from-a-pole/523958674348446>

Please protect your rig from falling... work together to ensure documentation happens. One person can carry a hotspot that streamers connect to - it can save battery life. In the cold make sure your battery is strong; recommend carrying close to body heat."

Eric Verlo posted: *"The cops keep taking our drums so we made more"* and posted a photograph.

Kay Trick posted: *"I have an idea. I'm not sure how successful it would be. After marching in Denver on November 5, I realized afterwards that I felt like we were walking AWAY from the police. I am interested in circling up, possibly in an intersection, and looking at the police while we advocate for decreased corruption. I wonder if the arrest rate will be higher, lower, or the same."*

The event starts at 5:30 and ends at 7. Following the event, people are invited to view the new documentary at the Oriental Theater called Pete and Toshi Get A Camera (Film Screening), which is about Toshi and her partner Pete Seeger's adventures after he was released from prison."

Description: **Gateway To Hell Tour**
Dates & Times: Sunday, December 29th (unknown time)
Location: Denver International Airport
Participation: Unknown

Source: Earthfirstjournal.org. Posted on the site: *"The Bunny Alliance will embark on the Gateway to Hell Tour this holiday travel season to demand that Delta Air Lines end its support of animal research and help stop the transport of animal to laboratories."*

The Bunny Alliance is targeting Delta Air Lines because it is in a strategic partnership with Air France and is its North America representative—and Air France is one of the last commercial airlines to continue the practice of shipping animals

to labs. The campaign against Delta is to demand that they force Air France to place a permanent ban on the transportation of all animals being shipped to vivisection labs across the world.

We will continue to monitor and update this situation.

The Ferguson issue has died out a bit, but we are unsure how this next week will be. They had a mix of groups for the last meetup and marched around Denver until DPD stopped them from getting on I25. The groups after that day have died out a bit. There have been arguments within the groups about chants such as "all lives matter" vs. "black lives matter." The little disagreements have seemed to separate the groups a bit.

They have been non-violent so far with us and have stayed away from the capitol because they have been in Civic Center Park. We are headed down today for the Sandy Creek Massacre protest that is showing a large group. **Occupy** will be joining in as well.

We are working with DPD on a constant basis and have a liaison in their command to make sure we have communications both ways. I don't have any dates/times for scheduling because we don't usually get wind of it until the day of the event.

Let me know if I have any further questions/issues.

Thanks!

I haven't seen or heard any recent updates on activity at the Capitol. Can you give us one?

Chad,

I wanted to see if you would be able to assist with FIT staffing this next week. I don't know if you can reach out to Beaudin as well to see who he can provide. We need to have at least 4 people on standby this week. I may be able to staff some with HLS troopers. It is wearing on them from the last week being on call and deployed. Please let me know who you can provide to assist.

Thanks!

Blake

Several parties that are attending the Boulder2Ferguson2NYC "die in" are planning to attend the event directly after they attempt to shut down US 36. They will march from 28th and Colorado to Naropa University. It is a 2 hour event that is a community conversation around racism, privilege, empowerment and empathy. Trooper Richards has been subpoenaed for 2/7/18, the date of our district inspection. He has made several attempts to contact the Denver DA reference this, but to no avail. The interesting point in this is Chief Packard has also been subpoenaed for the same court case, since it was an **Occupy** Denver arrest. My question is whether the Chief had any luck in getting his continued? I didn't want to send Trooper Richards if the powers above had already addressed it.

Thanks
